Objective

Work as a freelance developer for organizations on various projects where I can apply my broad technical abilities.

Qualities

- Able to work on my own or with a team of skilled development professionals.
- Extensive experience with web development, interface management, and system configuration.
- Familiar with setup, modification and deployment of many open-source software packages.
- Accustomed to working on multiple projects in varied capacities at the same time.
- Eager to acquire new technological skills and evolve others.
- Excellent code management and problem solving skills.
- Loyal, hardworking and detail-oriented.

Recent Projects

L-Architecture, LLC

- Developed l-architecture.com (preview at larch.rapidcart.com), a custom CMS.
- Created authentication system for editing user accounts and uploading files for client review.

Shine Studio for Hair

- Developed shinefortmyers.com, a mostly static HTML site.
- Small back-end for updating staff (hair artists) section.

Riverview Homes, LLC

- Developed riverviewhomesllc.com, a custom CMS.
- Created authentication system for editing user accounts and to provide file transfer capabilities (between users and admin).

Power Core USA, LLC

- Developed powercoreusa.com, a custom CMS.
- Installed, configured, skinned, and populate Open Cart based storefront.
- Create custom payment gateway module to support existing merchant service provider.

Douglas M. Stevens, MD

- Developed douglasstevensmd.com, a custom CMS.
- Converted media into Flash Video for HTML embedding.
